EDUCATION

University of São Paulo (USP)

Feb 2019 – Jul 2026

B.S. in Computer Engineering

São Carlos, SP, Brazil

São Carlos School of Engineering (EESC) &

Institute of Mathematical and Computer Sciences (ICMC)

Thesis: Study and Design of a Computer-Vision-Based Monitoring and Management-Support System for the USP São Carlos Cat Colony

Advisor: Prof. Dr. Matheus Machado dos Santos

Code: github.com/felipiadenildo/felinet

- Designed a 4-stage computer vision *pipeline* (ingestion, wildlife detection, species classification, and individual re-identification), integrating the MegaDetector, SpeciesNet, MegaDescriptor, and PetFace models, with person-masking for LGPD (Brazil's data protection law) compliance.

Merchant Marine Officer Training School (EFOMM)

Jan 2018 – Jun 2018

Coursework in Nautical Sciences

Belém, PA, Brazil

Federal University of Piauí (UFPI)

Jul 2015 – Dec 2015

Coursework toward a B.S. in Mechanical Engineering

Teresina, PI, Brazil

TECHNICAL SKILLS

Programming: Python, C/C++, SQL, JavaScript, Bash/Shell, Java

AI & Computer Vision: Edge AI, YOLOv11, Object Detection, PyTorch, OpenCV, Data Pipelines

Embedded & Hardware: IoT Systems, Microcontrollers, Embedded Linux, Digital Design

Web & Full-Stack: React, HTML/CSS, Node.js, RESTful APIs, System Integration

Cloud & Tools: AWS (EC2, S3, RDS, Lambda), Docker, Git, Linux (Mint/Ubuntu), LaTeX

Languages: English (Fluent), Portuguese (Native), Spanish (Intermediate/Advanced), Mandarin (Basic), Japanese (Basic)

PROFESSIONAL EXPERIENCE

HVAR Consulting

Jan 2024 – Jun 2024

Software Developer Intern

Remote, SP, Brazil

- Developed backend modules and database models in Python for an AI product focused on call center management.
- Automated internal data flows, reducing manual tasks and directly supporting the team's operations.

BTG Pactual

Nov 2022 – Nov 2023

Banking Assistant

São Paulo, SP, Brazil (Hybrid)

- Built and maintained automation pipelines in Python, JavaScript, and AWS (EC2, S3, RDS, Lambda), including integrating the Clicksign and DocuSign APIs to automate the generation, formalization, and recording of client documents, increasing the scalability and operational resilience of internal systems.
- Provided direct technical support to an internal client in Luxembourg during a banking acquisition process, coordinating cloud-based document workflows.
- Produced technical documentation for the automation projects and took part in hiring, onboarding, and managing new interns.

BTG Pactual

Jan 2021 – Nov 2022

Intern

São Paulo, SP, Brazil (Remote)

- Led the end-to-end development of a real-time document-signature tracking system in Python, integrated with the Clicksign API, including a reactive web *dashboard* that let analysts track document status directly, eliminating the previous manual follow-up process.
- Coordinated automation projects that connected different areas of the bank, with direct responsibility for delivery and for mentoring new interns, including a modernization effort that migrated legacy systems to a more current stack (AWS, React, Python, SQL, and NoSQL).

BTG Pactual

Summer Intern

Jul 2020 – Aug 2020

São Paulo, SP, Brazil (Remote)

- Wrote scripts in VBA, SQL Server, and Python to automate administrative tasks for the Insurance division during the summer internship.

ACADEMIC PROJECTS & EXTENSION

University Extension Project (AEX): Gatos do C2

Founding Member & Volunteer

Jul 2022 – Present

São Carlos, SP, Brazil

- One of the students who, in mid-2022, formalized the group as a university extension initiative dedicated to the care and population control of synanthropic fauna and abandoned animals at USP, launching its activities and online presence ([@gatosdoc2](#)).
- Manages logistics, population-tracking data, and veterinary referrals for the TNR (Trap-Neuter-Return) method, in partnership with local NGOs and independent caregivers, including Amigos Salvando Amigos ([@amigos_salvando_amigos](#)).
- Delivered environmental-education talks through the [Projeto Pequeno Cidadão](#) outreach program.

Unified Scholarship Program (PUB)

Undergraduate Research Assistant – [Virtual Memory Project](#)

Advisor: Prof. Dr. Elisa Yumi Nakagawa

Sep 2020 – Sep 2021

São Carlos, SP, Brazil

- Worked on the engineering and development of a free web system aimed at centralizing and providing comprehensive data on heritage assets from Brazilian historical collections.

Projeto Semente

Communications Team Member

[Technology Education Initiative](#)

Apr 2020 – Dec 2020

São Carlos, SP, Brazil

- Joined the communications and social media team of a university initiative focused on broadening access to technology education for children and teenagers in socially vulnerable situations in the region.

LEADERSHIP, COMMITTEES & ACHIEVEMENTS

• Achievements & Scientific Olympiads:

- Honorable Mention, Brazilian Physics Olympiad (OBF), 3rd year (2015).
- Participation certificate, International Mathematics Competition for University Students (IMC), as part of the USP team in 2020 and 2021 (team placed 67th globally in 2021).

• Institutional Representation at USP (2019 – 2023): Elected student representative for 14 terms, as both titular and alternate member, across 6 committees and boards of EESC and ICMC:

- **University Council (Congregação):** Highest deliberative body of both institutes (EESC and ICMC).
- **Undergraduate Committee (CG):** Responsible for setting and voting on teaching guidelines.
- **Course Coordination Committee (CoC):** Focused on the program's internal pedagogical management.
- **Campus Academic Planning Committee (CPACad), PUSP-SC:** Campus infrastructure and logistics management.
- **National and International Cooperation Committee (CCNInt):** Academic partnerships and student mobility for ICMC.
- **Library Committee (ICMC):** Management of the institute's library collection and services.

• Academic Leadership & Event Organization:

- **SAEComp (Computer Engineering Academic Office):** Member (Jan – Dec 2020); Events Director (Jan 2021 – Jan 2022), planning, managing, and running student-focused activities; member again (Feb – Oct 2022).
- **SEnC (Computer Engineering Week):** Contributed to organizing the event; coordinated company participation – including BTG Pactual, where he worked at the time – in talks, recruitment processes, and technical outreach activities with students.
- **ICMC 50th Anniversary Committee:** Served as Student Coordinator of the Executive Committee (2020 – 2021), representing the student body in decision-making and organizing the institute's 50th-anniversary celebrations.
